REGISTER

- After registering a verification code will be sent to the mobile number which is a 6-digit number.

- After entering the OTP, the student account gets activated.  
This can be done also with Email-Verification where the activation account will be send to the concerned mail ID.
- We are directed to the Student Login Portal where we can log in with our phone number or E-mail ID

- After entering the password we are asked Student Security Question, this is important because if we forgot our password the security question will help us to recover the password.

- Please Note: Once the mobile number is added we cannot change it, and if we have to change the number, we have to contact the Admin.
